Privacy Policy

At Citizens Advice we collect and use your personal information to help solve your problems, improve our services and tackle wider issues in society that affect people's lives.

We only ask for the information we need. We always let you decide what you're comfortable telling us, explain why we need it and treat it as confidential.

When we record and use your personal information we:

- only access it when we have a good reason
- only share what is necessary and relevant
- don't sell it to anyone

There are situations when we may share information about your case without your consent – however we would always ensure that there is a legal basis for sharing. Here are some examples of situations;

- **To comply with the law** - for example, if a court orders us to share information. This is called 'legal obligation'
- **To protect someone's life** - for example, sharing information with a paramedic if a client was unwell at our office. This is called 'vital interests'
- **To carry out our legitimate aims and goals as a charity** - for example, to create 'non client specific' statistics for our national research. This is called 'legitimate interests'
- **To carry out a contract we have with you** - for example, if you're an employee we might need to store your bank details so we can pay you. This is called 'contract'
- **To defend our legal rights** - for example, sharing information with our legal advisors if there was a complaint that we gave the wrong advice

We handle and store your personal information in line with the law - including the General Data Protection Regulation and the Data Protection Act 2018.

You can check our [main Citizens Advice policy](#) for how we handle most of your personal information.

This page covers how we, as your local charity, handle your information locally in our offices.

How Uttlesford Citizens Advice ask for permission to collect your data

- If we speak to you over the phone, we will explain how we use your information and ask for your permission to store it, we will usually follow this up with a signed paper consent when you visit us.
- If you use our website 'uttlesfordcab.org.uk' to contact us, you will be asked to tick a consent box to allow us to record your personal information.
- If you have been referred to us through 'uttlesfordfrontline.org.uk', you, or a referring organisation, will need to confirm your consent and tick an online consent box before information can be shared with us.
- If you are referred to us via another Citizens Advice or affiliated project, your consent will be recorded using a tick online consent box on 'Casebook', our Citizens Advice Case Management system.

What information will we ask for?

We'll only ask for information that's relevant to your problem. Depending on what you want help with, this might include:

- **your name and contact details** – so we can keep in touch with you about your case
- **personal information** – for example about family, work, or financial circumstances
- **details about services you get that are causing you problems** – like energy or post
- **details of items or services** you've bought, and traders you've dealt with
- **information like your gender, ethnicity or sexual orientation**

If you don't want to give us certain information, you don't have to. For example, if you want to stay anonymous we'll only record information about your problem and make sure you're not identified.

How Uttlesford Citizens Advice use your information

The main reason we ask for your information is to help solve your problem. We only access your information for other reasons if we really need to – for example:

- for training and quality purposes
- to investigate complaints
- to get feedback from you about our services
- to help us improve our services

Working on your behalf

When you give us authority to act on your behalf, for example to help you with a Universal Credit claim, we'll need to share information with that third party. We will only share information with your consent.

We regularly work with the Department for Works and Pension, Uttlesford District Council, HM Revenue and Customs, Utility Companies, Housing Associations, Credit Card and Loan companies, Banks and GP practices.

How Uttlesford Citizens Advice store your information

Whether you get advice face to face, over the phone or by email, our adviser will log all your information, correspondence, and notes about your problem into our secure case management system – called Casebook.

No data is stored outside of the European Union.

We keep your information for 6 years. If your case has been subject to a serious complaint, insurance claim or other dispute we keep the data for 16 years.

We utilise G Suite for email and local storage of shared spreadsheets needed to manage our service – for example, local charity donations, anonymised statistics, anonymised case studies, staff and volunteer contact details. These accounts are administered by National Citizens Advice that have agreed G Suite model contract clauses and data processing amendments. Locally, all staff use 2-step verification. Emails containing details about client problems are updated onto Case management systems and are deleted (within 1 month), emails containing information about appraisals, training and audit are held for a maximum of 6 years.

How Uttlesford Citizens Advice share your information

Uttlesford Citizens Advice utilise uttlesfordfrontline.org.uk to make and receive secure referrals when consent from a client has been given. The system is registered with the Information Commissioners Office under Uttlesford Citizens Advice Bureau. Frontline data is stored in Ireland. Client or patient data is only held for a maximum of 90 days; after this time personal data is 'blacked out' and non-recoverable.

When consent is given information is also shared in a hard copy form or encrypted attachment to an email.

Due to the volume of referrals we send to Uttlesford District Council and Uttlesford Foodbank we are introducing a new data sharing agreement.
